

Donald Trump Slams Fed Chairman, Countrywide CEO Laughing at the Public and China Buys Up U.S. Real Estate - Local Businessman Offers Solution - Free Corporations for Everyone

The Real Estate Investor Network Inc opens up the floor at the upcoming REINclub public events all around Southern California & Las Vegas. Real Estate Investors can voice their opinions about the great debate of whether the government should get involved in the mortgage crisis or not, Countrywide's takeover & the Chinese buying all the Real Estate they can in the USA.

Los Angeles, CA ([PRWeb](#)) January 23, 2008 -- Larry Loik President of Mr. Loik has announced the REINclub's remedy. I believe everyone should own their own Corporations & have the write offs like the "fat cats" do.

As a result, Mr. Loik & The REINclub (www.REINclub.com) are giving for Free Corporations in all 50 states.

The REINclub will give away software valued at \$597 for free to all attendees at the upcoming REINclub events in the Southern California areas. The Real Estate Investor Network will present a forum, networking event & seminar at all the locations coming up Jan 28-31. Mr. Loik has sworn off running for government office but rather professes to empower Real Estate Investors to buy up everything they can right now under their own feet before other countries do.

Mr. Loik has also invited a company to present the secrets that Australian & European Mortgage holders have used to knock down their mortgages to approximately 8-11 years.

Their proprietary software (www.REINCLUBfreedom.com) may be banned by the mortgage industry since it is saving investors millions of dollars already on their mortgages nationwide. "This is no B.S stuff," claims Loik. "I have seen it work first hand & Americans are scratching their heads asking why didn't we know about this earlier?"

The REINclub is peeling back the curtain on REO Bank owned properties & giving the public access to insider secrets of where to get these bank owned properties.

All participants will have the opportunity to purchase real estate at the Builder's Liquidation Sale. This month's properties being featured are in Utah, Las Vegas and The Go Zone starting at \$110K. Investors are encouraged to bring their check books to take advantage of this opportunity and invest with developers directly.

A special guest appearance by Radio Personality from Las Vegas "Sweet" Al Miller from KOMP 92.3 FM will share some of his deals & secrets with attendees. Mr. Miller is also a wealthy experienced successful Real Estate investor with Bank Owned Properties (REO).
