Goshen Motorsports, owns the #82 Car piloted by Billy Goshen. Billy Goshen will be driving the car in the 2008 Star Mazda Championship presented by Goodyear

Placentia, CA ([PRWeb](#)) March 6, 2008 -- Star Mazda Championship racing team Goshen Motorsports announces that Goshen Motorsports and [GPS tracking](#) and [vehicle tracking](#) company Global Tracking Communications have signed a sponsorship / Partnership deal for the 2008 Star Mazda Series. Goshen Motorsports, owns the #82 Car piloted by Billy Goshen. Billy Goshen will be driving the car in the 2008 Star Mazda Championship presented by Goodyear

We are very excited to have such a prestigious company join us for sponsorship to become one of our premier partners for our entire season, said Bill Goshen Jr. team owner of Goshen Motorsports out of Placentia, Ca. "This is a great match: Global Tracking is the leader in North America for [GPS Tracking](#) Systems, both our companies are based in the Southern California, and being the first race team in North American to test and develop Global Trackings new in race car GPS system is exciting."

John Stull, CEO of Global Tracking Communications shares Bill Goshen Jr's excitement over the new partnership. We have been watching the development of Goshen Motorsports over the years, their professionalism, commitment to compete at the highest level, and a great talent in Driver Billy Goshen is exactly what we are looking for in a partnership with a professional motorsports team. We are really looking forward to a long and beneficial relationship with Goshen Motorsports and their drivers.

Goshen Motorsports is preparing for the opening race at Sebring International Raceway in Florida on March 14th. Preparations are also being made to ensure that the new sponsor /partner receives prime media exposure at our race venues throughout North America, and TV coverage on The Speed Channel that will help jumpstart the potential value of the partnership for both organizations.

Global Tracking Communications is a leading International supplier of GPS based Asset Tracking and Fleet Management systems. Founded in 1999, Global Tracking Communications has helped increase fleet efficiency, reduce operating costs and improve customer service for companies all across the Globe.
